

## Vacancy Announcement: Climate Change Expert

 **Location:** Gandaki Province, Nepal

 **Duration:** August – December 2025

- ◆ Pokhara Research Centre in Partnership with The Asia Foundation, under the Subnational Governance Program (SNGP), is seeking a Climate Change Expert to provide technical support The Asia Foundation, under the Subnational Governance Program (SNGP), seeks to engage ***Policy, Planning and Climate Change Expert*** to lead the preparation of the **Climate Status Paper for Gandaki Province**—a foundational document for climate finance mobilization and provincial climate action.

### Key Responsibilities:

- Conduct climate risk, vulnerability, and sectoral impact assessments (agriculture, forestry, water, energy, infrastructure, health, economy).
- Review provincial/national climate policies, institutional frameworks, and financing mechanisms.
- Identify investment gaps, financing needs, and priority projects for adaptation and mitigation.
- Map potential sources of domestic and international climate finance (e.g., GCF, Adaptation Fund).
- Facilitate consultations with provincial ministries, local governments, CSOs, academia, and private sector.
- Draft and finalize the **Climate Status Paper**, including a policy brief for decision-makers and donors.

### Required Qualifications:

- Master's degree (or higher) in Climate Change, Environmental Science, Forestry, Natural Resource Management, Development Studies, or related field.
- Minimum 5–7 years' proven experience in climate change policy, climate finance, or environmental governance (10+ years preferred).
- Strong understanding of provincial planning processes, financing systems, and subnational governance.
- Demonstrated ability to prepare technical reports, policy papers, and donor-ready documents.
- Excellent facilitation, coordination, and communication skills in both English and Nepali.
